JANUARY - DECEMBER 1981 COMMAND HISTORY (U)

PART II
NARRATIVE (U)

(U) Fleet Intelligence Center Pacific (FICPAC) is a shore activity located at Pearl Harbor, Hawaii, and under the administrative control of Commander in Chief U. S. Pacific FLEET (CINCPACFLT). FICPAC is subject to the area coordination authority of Commander, Naval Base Pearl Harbor. The Commanding Officer is Captain R. F. DiPALMA, USN.

(U) The mission of the Fleet Intelligence Center PACIFIC, as set forth in CINCPACFLTINST 5450.1K, is to develop an intelligence processing and production capability which is immediately available to support U. S. Naval Forces in the Pacific and Indian Ocean areas assigned to PACOM for defense responsibility; to provide those forces with the intelligence materials necessary to carry out efficiently their respective missions; to maintain sufficient qualified and trained intelligence personnel for assignment to peacetime and wartime augmentation requirements; to provide direct support and assistance to CINCPACFLT which will enable him to fulfill his requirements for nuclear weapons employment and planning; and to perform such other functions as may be directed by CINCPACFLT.

(U) The organizational and departmental structure of FICPAC is illustrated in the organizational charts in Appendix I. Departmental functions and accomplishments are as follows:

(U) SUPPORT DEPARTMENT (1 DEPARTMENT) - The Support Department provides services necessary for the planning and coordination of all matters relating to the general administration for the command. This department is comprised of the Graphic Division (11), Administrative/Security Division (13), Supply Division (15), Resources Management/Budget Division (1B), and the First Lieutenant/Maintenance Division (1C).
